

Congratulations to the more than 22,300 OTR and COTA certificants who renewed their NBCOT certification during the 2013 renewal season. Your NBCOT certification reflects a commitment to maintaining high professional standards and supporting NBCOT's mission of serving the public interest by advancing client care and professional occupational therapy practice.

As a benefit of your certification NBCOT continues to offer *free access* to the online evidence-based journal service

*ProQuest*

and the referencing system

*RefWorks*

. We encourage you to use these resources to advance your evidence-based practice skills so you can continue to provide your clients with the up-to-date occupational therapy care they deserve.

On behalf of our Board of Directors and staff, I want to thank YOU for your continued support of NBCOT - the *Profession's Essential Credentials Organization*.
