

Certification **Databook**

A National Overview and State-by-State
Breakdown of OTR & COTA Data

Mission

Serving the public interest by advancing client care and professional practice through evidence-based certification standards and the validation of knowledge essential for effective practice in occupational therapy.

Vision

Certified occupational therapy professionals providing effective evidence-based services across all areas of practice worldwide.

Accreditation

NBCOT has been awarded organizational accreditation by the American National Standards Institute (ANSI) to the International Standard (ISO 17024) for organizations that offer Personnel Certification programs. NBCOT is also accredited by the National Commission for Certifying Agencies (NCCA).
